GCDF-TAIWAN LICENSE AND SERVICES

July 25, 2013

This document acknowledges that the Hwa-Kang Xing-Ye Foundation (HKF) is the current legal entity administering the Global Career Development Facilitator (GCDF) program in Taiwan.

HKF is currently the only entity authorized to deliver the training associated with the GCDF/CDF credentialing program, and the HKF GCDF/CDF training is the only GCDF/CDF training in Taiwan that has been approved by CCE.

CCE has owned and administered the Global Career Development Facilitator credential since 1997 and has entered into an Agreement, dated March 15, 2010, with HKF to administer the GCDF-Taiwan Program under the name of CCE. Under this agreement HKF maintains the following responsibilities:

- Develop, maintain and administer the GCDF-Taiwan Program and required policies, including the on-going development of a GCDF-Taiwan Training Curriculum;
- Develop GCDF-Taiwan Program policies, including policies related to: instructor qualifications and selection, credentialing and re-credentialing requirements, and professional ethics;
- Process applicant credential applications to CCE in order to be issued GCDF/CDF certificates.
